9 November 1955

MICC Action on Borax

MICC postponed action on clearance of Borax paper until AFOIN and G-2 report final action to MICC. AFOIN said it might take 2 weeks to report. MICC Chairman suggested all possible speed and may attempt to obtain earlier concurrences by telephone.

MICC Chairman prepared to "adjudicate" matter of release approval in MICC even if one MICC member should register some objection as long as release of substance generally agreed.

Col. Green (OSD) will continue to follow matter with Col. Brown.

25X1A9a

[redacted] CIA, JOC member advised Commerce (Mr. George for JOC Chairman) of delay in MICC approval.
